ACTION/IMPLEMENTATION
Key Issues

• Have MDG targets been realized nationally?

• Analysis (Budgeting, Forecasting, M&E) of MDG targets nationally?

• The political will for MDG targets has been lacking – why?

• Advocacy – General MDG based Vs targeted/strategic based
Focus on UN Impacts

• Lacking national capacity and hence focus to be on key priorities & capacity assessment

• Develop capacity for data analysis

• National planning – link institutional & systematic capacity development; mainstreaming MDGs

• Developing Advocacy capacity

• Engage political will for implementation – 2015 timeframe
Proposal

- Aligning NDS to localized MDG targets
- Training for MDG based planning & budgeting
- National MDG reporting / Update Regional MDG Report
- Collate sex disaggregated data

- Stocktake & analyse existing national level MDG data
- Develop capacity & improve regional/national coordination for collection of quality time series data
- Assess and establish country specific training requirements for MDG based planning & budgeting
Proposal (ctd)

- Targeted advocacy at all levels for MDG implementation
- Advocacy linked with monitoring & evaluation

- National validation workshops
- Assess capacity for national implementation of MDG targets
- Strengthening capacity at different levels
